Computer Support

Policies and Procedures

- Disk Space Allocation Policy
- How to check AFS Quota

On-Line Help

- About Google G-mail
- File Sharing for large e-mail attachments.
  - use your Google docs/mail or velocity.ncsu.edu
- How do I connect to NC State's wireless Nomadic network?
  - Your computer should detect NC State's wireless network if you are in an area with coverage. Simply choose to connect to the network named "ncsu." Then, open a web browser to authenticate with your Unity ID and password. Once authenticated, you can browse the web, check your email and more!
- How do I setup BAE printers access?
- Using Expandrive to map drive K and J
- Relative Links in web pages: information on how to make page links.
- Library computer services
- BAE Graphic Support for logos, posters etc.
- Unity / Eos Help: tutorials, manuals, and policies for Unity/Eos computing.
- NCSU-mandated rules for computer
- Recycling Technology at NCSU

Email List Request

- Add a user to BAE group - email bae-help @ lists.ncsu.edu
- Remove a user from BAE group - email bae-help @ lists.ncsu.edu

Dr. Rod Huffman
Faculty Advisor

Computer committee
Where are the Computer Labs

Students have three computer Labs conveniently located in or near Weaver Labs. The computer labs are regularly updated with the latest computing environments and software. The college of Ag and Life Science also has Open-use Computer labs in other facilities on campus.
